Transforming Lives Through Entrepreneurship

January 11, 2010

To whom it may concern:

It is with great pleasure that I write this letter of recommendation on behalf of Leslie Lum. Renaissance Entrepreneurship Center has had the good fortune of working with Leslie over the past year in her professional capacity as a marketing consultant, as a volunteer, and as a student.

As a marketing consultant, Leslie provided one-on-one business consulting to women and men in our Business Planning Class to help them devise marketing solutions for their start up and growing businesses. She also facilitated our Fashion Incubator Network roundtables, where she led discussions and provide individual feedback. Our students were very positive about her leadership, enthusiasm and insights. They reported that Leslie provided invaluable guidance and encouragement, was an excellent listener and demonstrated significant expertise in her field.

Leslie also volunteered to help Renaissance with our annual fundraising event. She secured in-kind donations for our gift bags, tirelessly promoted the event and was hands on in helping with a variety of event preparation needs.

Leslie has extensive knowledge of the marketing field and at the same time is deeply committed to learning. She has attended several of our classes and workshops. She brings commitment and passion to all she does. I feel confident that she would be an asset to your team.

Please don't hesitate to contact me with any questions you may have. I can be reached directly at 415-348-6243 or Sharon@rencenter.org It is a pleasure to work with Leslie. I am delighted to recommend her unequivocally.

Sincerely,

Sharon Miller
